

ISCT, January 2017

Dear parents, bonjour,

## French for fun! Extra-curriculum activity

Through fun and interactive activities this class gives your child the opportunity to learn some basic French in the important early years.

The format allows each to learn at their own pace and share the adventure with their friends.

Please let us know whether your child would like to take part by emailing us or filling the reply slip below and returning it to your respective tutor teacher.

### French for fun!

**Through French songs and games we learn things such as basic expressions, numbers, colors, animals, etc.**
