# WELCOME TO THE INTERNATIONAL SCHOOL OF CAPE TOWN

Choosing the right school for your child can be challenging. As parents, we all want the best for our children and part of this is selecting a school that fits their particular needs. Here at the International School of Cape Town our philosophy is simple: happy children learn better. Here we strive to provide a warm and happy environment which allows individuals to be who they want to be.

In our relatively short history, we have achieved remarkable successes as a result of our flexible approach to meeting students' needs.

Our success rests firmly on the three cornerstones of effective schooling, namely: enthusiastic students, supportive parents and professional teaching staff.

Most students who come to this school find it to be a "home away from home". While the academic programme is rigorous, students are not unnecessarily pressurised and are allowed to develop within an environment that is nurturing as well as supportive.

Welcome to our home!
